BRIGHT IDEAS

This kitchen was transformed from dark, farmhouse style into a more contemporary space by Martin Moore. 'The new colour scheme features light, dreamy neutrals,' says Richard Moore, design director. 'Our New Classic cabinetry is painted in Chalky Grey, paired with striking Calacatta marble-effect quartz on the island and splashback. Brushed-brass knobs bring contrast and warmth, while ribbed-glass door panels and pale-blue cupboard interiors provide decorative interest and a visual link to the banquette upholstery.'
